FOCUSING

The CCIB works to attract, retain, encourage, and grow Calvin business faculty and students by providing ongoing support of scholarship and engagement.

18 STUDENTS, 18 MENTORS! CONNECT TO GROW

The Calvin Women's Network connects women business students with women business professionals in West Michigan to share experiences, grow mutually, and benefit from a faith-based mentor-mentee relationship.

SUMMER READING GROUP IN REFORMED THINKING

The group grew out of a desire to reflect on and learn in community more about the reformed tradition and our identities as reformed Christians in the Calvin community. What does it mean to each of us personally to be reformed? How does it shape or influence what we do and how we do it-especially our teaching and learning here at Calvin?

Participants read and discussed several works together and "thought on paper" by writing personal reflective statements.

PROMISING

Experiential learning, by definition is the process by which students develop knowledge, skills, and values through direct experiences.

Completed 45 CAP projects with 51 unique clients
